

# Flip-A-Coin Gift Exchange

1. The first player selects a gift from the pool and unwraps it.
2. The following players flip a coin to determine what they can do:

## **Pick a gift and unwrap it**

If you already have a gift, your gift is frozen until your next turn (it can't be stolen).

## **Steal a gift**

If you already have a gift, the person you're stealing from gets that gift.

3. The game ends when the last gift is unwrapped. Players keep the gifts they're holding.
