

Christmas Pictionary

What You Need

Something to draw on

A pen or marker for drawing

A timer

A pen and paper for keeping score

Christmas Pictionary words on slips paper

A grab bag for people to randomly draw the slips of paper

Rules

1. Team A chooses a player to draw first. That player selects a slip of paper from the grab bag and keeps it hidden from other players (on both sides).
2. The player has one minute to draw the Christmas word or phrase on the slip.
3. If Team A guesses the word or phrase correctly within a minute, they score a point. However, if the clock runs out without Team A guessing correctly, Team B may attempt to steal.
4. To complete the round, Team B gets a chance to draw (repeating the previous three steps).
5. The game is over at the end of a round when one team has scored 25 points. If the game is tied at 25, play extra rounds until one team is ahead at the end of a round.
