

# SECRET SANTA RULES

## Before the Event:

### *1. Determine who is buying for whom*

Keep it secret - that's (literally) the name of the game!

### *2. Each Secret Santa sends clues as to their identity*

Clues are traditionally accompanied by token gifts, such as candy canes or other sweets.

## At the Event:

### *3. Participants bring their gifts to the holiday party*

Gifts should be wrapped with a tag indicating the recipient.

### *4. Each person opens his or her present where everyone can see*

The organizer can determine the order - or just wing it.

### *5. The gift recipient attempts to guess who their Secret Santa is*

Here's where those clues come in!

### *6. Continue until everyone has opened his or her gift and attempted to guess who their Secret Santa is*

And don't forget the most important thing - have fun!
